Today marks another year  
Past our trials and tribulations  
For everyone who never thought we could

There was never a doubt in my mind  
I always knew you would be mine  
The new years brand new start

A new year has passed  
For everyone who asked  
Time stood still and still is standing

For those of you who have ever feared

Its still another year  
We have gotten through it all

Its been one long ride  
For a long time  
Don't you see i care for you  
I wont hurt you

Every time i see your face  
I wonder how we look so good together  
Its the way you look at her  
It hurts...
