Oh, you don't know who I am
I put my name in the sand
Oh, get some dirt and rub it on your hands

Living is a waste of time
If you don't do anything worth while

Living is a waste of time
If you don't do anything worth while

Oh, you don't know what I can
I put my name in the sand
Oh, here's your chance to take a stand

Living is a waste of time
If you don't do anything worth while

Living is a waste of time
If you don't do anything worth while

[Strumental]

Living is a waste of time...
Living is a waste of time...
Oh time...
Living is a waste of time...
