Well I'm ready n'willin'
To accept what I've been given
Ain't gonna waste my precious time nomore
I've been to hell an'I've come back
don't ever wanna go back
I ain't gonna stray from thy road
Pain an'misery
That was all that I could see
But then You came along an'rescued me
an'now I'm free soo free !
I know it's gonna take some time
but I ain't afraid I'm gonna try
I aint gonna waste my precious time nomore
Cause i'm ready n'a'llin'
To accept what I've been given
I ain't gonna stray from thy road
