See ya gotta know what i wanna do  
When i'm with you  
Can't you see that i wannabe  
Next to u  
And i don't get what's so great about  
Wasting time just making out  
Puttin ur hands up on my chest  
Uhn uh i don't like that  
Cant u see, y u gotta be that way  
Sometimes i completely adore u  
Other days, just wish i could ignore u

I wanna chill out  
Wannabe  
Laid back  
Like before  
Lie down  
Sit aound  
Laugh out  
Hear me shout  
Don't care  
What'd u say?  
Don't listen anyway  
So tell me  
Baby  
Why can't  
U see  
That what u wanna do  
What u wanna do  
Makes u bittersweet
