I'm like a landslide, destroying the hillside  
Just like a cancer inside  
We're just the good guys, fighting the bad times  
How bad does it hurt when we're so close  
You could be changin the world

So IÂ've made up my mind  
There's no turning back from the feeling inside when I  
push you away  
We don't have the time to turn back the clocks  
To the place in my mind when I wanted to stay  
I'm so far gone

I'm like a landslide, destroying the hillside  
Fighting the cancer but it grows  
How bad does it hurt, how bad does it feel?  
Ignoring the pain, forgetting its real  
Well I feel the good is starting to fade  
We could be changin the world

So I made up my mind

There's no turning back from the feeling inside when I  
push you away  
I don't have the time to turn back the clocks  
To the place in my mind when I wanted to stay  
I'm so far gone

Won't you stay with me, woah oh  
Cause I just can't seem to let you go  
And you've given me so much more than I deserve

How bad does it hurt, how bad does it feel?  
Ignoring the pain, forgetting its real  
Well I feel the good is starting to fade  
We could be changing the world  
How bad does it hurt, how bad does it feel?  
Ignoring the pain, forgetting its real  
Well I feel the good is starting to fade  
We could be changing the world  
And I'm so far gone
