Everybody wants to know your name  
Whacha do, where you live and sleep  
Where you make other people feed  
On the rubbish that you teach  
You love to be number one  
But when all is said and done  
You still have lonely nights and days  
In so many different ways

What's the problem with people like you  
Who push and shove but don't say I'm coming through  
To help both me and you  
What's the problem with people like you  
You're always getting mad at everything we say and do  
All of this is nothing new

Goody two shoes  
Whacha gonna say when  
You lose all the power, ruin all the fame and  
Ask for some assistance from your friends but your  
rejected  
Applying for the benefit but you won't be accepted  
Makin' out your fine but we know that your barely  
breathing  
Business is so bad that all your so-called friends are  
leaving  
Your child is just a kid, yeah  
Everybody sees you breaking down like your wife's  
creeping

I found love, and that's what keeps me strong

It's a story I can tell  
And I know so very well  
Superstar turned fail-to-sell  
Record label's gonna drop ya  
Now you wanna blame the fans  
Everyhting in the live band  
You can't sing to save your life  
Go ahead and have some strife

What's the problem with people like you

Who push and shove but don't say I'm coming through  
To help both me and you  
What's the problem with people like you  
You're always getting mad at everything we say and do  
All of this is nothing new

Goody two shoes  
Whacha gonna say when

Makin' out your fine but we know that your barely

leaving  
Your child is just a kid, yeah  
Everybody sees you breaking down like your wife's  
creeping

I found love, and that's what keeps me strong  
I now know, that you participate in the wrong, in the  
wrong

Goody two shoes  
Whacha gonna say when  
You lose all the power, ruin all the fame and  
Ask for some assistance from your friends but your  
rejected  
Applying for the benefit but you won't be accepted  
Makin' out your fine  
Oh, oh, yeah  
Your child is just a kid, yeah  
Oh, oh

Goody two shoes  
Whacha gonna say when
