Shawty lets talk
Things aren't good
Yes I'm rollin
You know I should
I can't stand it
When we fight
For me it's hopeless
Two wrongs no right
I'm just asking
Where u be
You start saying
You hate me
When I ask you
Girl wassup
I think that you
Should tear it up

Should Tear it up (x4)

Now I wanna
Make my move
You say that you
Cannot groove
I am puzzled
By the fact
That ex of yours
Was never sacked
When I'm askin
Where u be
You keep trying
To tell me
That you wanna
Slow things down
But now I think that
You should tear it up

Tear it up (x4)
