Fumbling around, looking for clues
Seemingly so naive and confused
All your fragility on display
Makes you such irresistible prey

Baby, back up
Enough is enough
You're freaking me out
Not into that stuff
Baby, back up
Enough is enough

Detailed accounts of all your affairs
(came tumbling out)
At the party under the stairs
Looking for understanding and trust
(what did you find?)
Nothing but ridicule and disgust

Baby, back up
Enough is enough
You're freaking me out
Not into that stuff
Nothing is quite
The way it appears
I thought you were cool
But you are just weird
Baby, back up
Enough is enough

Fumblin' around under the coats
(just passing the time)
Flying a kite, floating a boat
As I begin to get where we are
(night out of the blue)
You have to go and take it too far

Baby, back up
Enough is enough
You're freaking me out
Not into that stuff

Nothing is quite
The way it appears
I thought you were cool
But you are just
These are the last
Days of our lives
We should be going at it like knives
But baby, back up
Enough is enough
