I know its getting late
But if you'd like to talk a little more
Well thats alright with me

I'm feeling kinda tired
But it aint exactly beating down my door
Now just why could this be?

And I know you shouldnt say
But youve been acting strange the last few days
And this has made me think

Your pills have cost too much
And you cant feel them working anymore
So pour them down the sink

And listen to me

Chorus

All you gotta do
Is baby kick off your shoes
And lay down
Climb up here with me
And lets forget about sleep
And lay down

Why hide your face from me?
Why turn away?
All I wanna do is pull you closer and say

Im feeling kinda tired
But it aint exactly beating down my door
Now just why should this be

Will you listen to me

Chorus

Lay down with me
Lay down next to me
Lay down with me

I know I shouldnt say
But youve been acting strange the last few days
And this has made me think
(you know Im not for thinkin)

Your pills have cost too much
And you cant feel them working anymore
So pour them all right down the sink
