"Surrendered"

You cast aspersions
You run me down
You like to see those little
Veins pop in my brow

You contradict me
You wear me out
But it's all sufferance That
I can't live without, no

You suffocate me
You sieze control
You tie me in a bow
And swallow me up whole

There's no sensation
As I succumb
It's irresistable to
Live beneath your thumb

Life bites down harder
It sinks it's teeth right in
Leaves the sweetest scar of all

Surrendered
All part to you
To play as you choose

Surrendered
My heart to you
To break and abuse

I'm not a rich man
I'm all I've got
I had a purpose but
I can't remember what

Oh, the consequences
May have crossed my mind
But I am positively
Blissful with my lot
