I think that I might have  
Broken your fist with my face  
IÂ'm so sorry, I didnÂ't mean it  
I wonÂ't flinch and offer you a clean hit

YouÂ're no fun anymore  
You used to be once, but that was before  
Tip off your face and get off the floor  
Cos youÂ're no fun anymore

I keep hearing the same rumours  
About you and satsumas  
Role playing sensation  
Strange games with asphyxiation

I canÂ't say the word, whoa lux Luxembourg  
I canÂ't say the word, whoa lux Luxembourg (x2)

What you waiting for, what you waiting for?  
Rip into me, rip into me

Oh, youÂ're no fun anymore  
You used to be once, but that was before  
Tip off your face and get off the floor  
Cos youÂ're no fun anymore  
YouÂ're no fun anymore  
You used to be once, but that was before  
Tip off your face and get off the floor
