Help me live a life
Of love that pleases
My one desire
Is to see You lifted
To see You lifted
To see You lifted

Burn me up, Burn me up
Until all that's seen
All that's seen is You

Jesus You're all
I've ever needed

Your joy will be
The strength I live by
The strength I live by
The strength I live by

Lead me on to the place
Where I'll see You face to face
Where Your glory is revealed
Lead me on
Lead me on
