When you see in see you dancing  
Own reflection was never bent  
Be a man can shake you bone bag  
One day up is another down

CHORUS:

I don't want to hurt, no not ever  
No not ever

This is my street, I stay here and sleep  
You're outside on sunny days  
Nicotine flow stops a pain grow  
Stay a while so nearly there

REPEAT CHORUS

This is my street I stay here and sleep  
You're outside on sunny days  
Be a man can shake you bone bag  
One day up is another day

REPEAT CHORUS
