Miss america sits in the shower  
She's plucking hours from the sky  
Picks up the telephone, into another home  
Don't ask me why

I don't mind  
I don't mind at all  
I love only you

She's a well wisher and she wishes you well  
Wish away, wish away  
She no jellybean, she a jemima ho ho  
Wish away, wish away

I don't mind  
I don't mind at all  
I love only you

Da, do, da, da, do  
Da, do, da, da, do

Here is here and I am here, where are you?  
Far away, far away  
She no jellybean, she a jemima ho ho  
Wish away, wish away

I don't mind  
I don't mind at all  
I love only you

Da, do, da, da, do (x3)
