Your just all mouth
Never telling the truth
Your always looking so fake
A plastic punk - no mistake

Plastic - part-time poser
Plastic - part-time loser

Saying you've seen it all
Your first gig you can't recall
You were there so you say
Your fake as fuck so go away

Plastic - part-time poser

Plastic - part-time loser
Plastic - part-time poser
Plastic - part-time loser

You walk the walk
And you talk the talk
And in your eyes your a punk
Truth is your just a cunt

Plastic - part-time poser
Plastic - part-time loser
Plastic - part-time poser
Plastic - part-time loser
