We we are blunt
Were proud and were punk from england
Here to get drunk
And to play you some - old school punk

Were blunt - your cunts
Were blunt - your cunts
Were blunt - your cunts
Were blunt

We we are blunt
Were proud and were punk from england
And now that we are here
We'll play these tunes - and have loads of beer

Were blunt - your cunts

Were blunt - your cunts
Were blunt - your cunts
Were blunt

We we are blunt
Were here to get blinding drunk
And when the beer is gone
We'll just go and get - another one

Were blunt - your cunts
Were blunt - your cunts
Were blunt - your cunts
Were blunt

We are blunt - we don't care
We are punk - lets have a beer
You cunt
