Sitting in a SDT  
Waiting for an  
Underground train  
To rumble underneath my feet

Bang goes another day  
Where it went I could not say  
Now I'll have  
To wait another week

When all is said and all is done  
What was said was never done  
Don't panic  
It's not really worth your while

Bang goes another year  
In and out of one ear  
Everybody's doing it  
So do it too

I don't need anyone  
But a little love  
Would make things better

I don't need anyone  
But a little love  
Would make things better

Sitting on the early bus  
Passing through the morning rush  
It makes no difference  
That I'm not with you

Bang goes another year  
In and out of one ear  
Everybody is doing it  
I'll do it too

I don't need anyone  
But a little love  
Would make things better

I don't need anyone  
But a little love  
Would make things better

I don't need anyone  
But a little love  
Would make things better

I don't need anyone  
But a little love  
Would make things better

I don't need anyone  
But a little love  
Would make things better

I don't need anyone  
But a little of your love  
Would make things better
