Good mornin', lethargy  
Drink Pepsi, it's good for energy  
The bath's on, smoke in the bedroom  
Sore throat, and on my neck a nasty bruise  
And where it came from, well I don't know  
But we played last night, it was a good show

Got to play on a second rate chat show  
It's nationwide deal, so we gotta go  
Jeff from the company, says it'll be alright  
Got an ad on KROQ and there's an in store tonight  
Well I build things up, then I let them go  
Got to get time share radio

Look inside America  
She's alright, she's alright  
(Alright)  
Sitting out in the distance  
But I'm not trying to make her mine  
Looking for America  
With its kookie nights  
And suicides  
TV says it's alright  
'Cause everybody's hung up  
On something or other

Stepping off in twenty so the driver says  
"Did you should sleep tonight  
But I think I'll watch videos instead"  
Annie Hall leaves New York in the end  
Press rewind and Woody gets her back again  
And the whole world could have passed through me  
But I don't know that it means much to me

Look inside America  
She's alright, she's alright  
(She's alright)  
Sitting out in the distance  
But I'm not trying to make her mine  
I'm looking for America  
(Looking for America)  
With its kookie nights

And suicides  
(It's alright)  
TV says it's alright  
'Cause everybody's strung out  
On something or other

And the whole world could have passed through me  
But I don't know that it means much to me

I could be her eyes
