It's automatic
You need to unload
'Cause under the pressure
You've gone middle of the road

You fall into fashion
You fall out again
When we stick together
'Cause it never ends

Here comes a low
(I'm a boy and you're a girl)
Here comes a high
(I wanna change the world)
Here comes everything
(You and me can work it out)
Here it comes you, me, we'll work it out

Here comes tomorrow
In one, two, three episodes
And we stick together
Gone middle of the road

'Cause that's entertainment, that's entertainment
That's the sound of the wheel, sound of the wheel
It roll on forever, roll on forever
Yeah, you know how it feels, just how it feels

Here comes a low
(I'm a boy and you're a girl)
Here comes a high
(I wanna change the world)
Here comes everything
(Like monkeys out in space)
Here it comes
(We are members of the human race)

Here comes a high
(I'm a boy and you're a girl)
And here comes a low
(I wanna change the world)
Here comes everything

(We will work it out)
Here it comes you, me, we'll work it out

Well it's automatic, it's automatic
I need to unload, need to unload
Under the pressure, under the pressure
Gone middle of the road

Here comes a low
(I'm a boy and you're a girl)
Here comes a high
(I wanna change the world)
Here comes everything
(Like monkeys out in space)
Here it comes
(We are members of the human race)

Here comes a high
(I'm a boy and you're a girl)
Here comes a low
(I wanna change the world)
Here comes everything
(Then we will work it out)
Here it comes you, me, we'll work it out

Work it out, work it out
Work it out, can work it out baby
