A favoured image of another world
Is nothing in particular now
And imitation comes naturally
But I never really stopped to think how
And everyone is a clever clone
A chrome covered clone am I
So in the absence of a way of life
Just repeat this again and again...and again
Hey, hey come out tonight
Popsene all right

I'm leaving town to run away
Run into your twisted arms
No queues and there's no panic there
Just dangling your feet in the grass
My lack of natural luster now
Seems to be losing me friends
So in the absence of a way of life
I'll repeat this again and again...and again
Hey, hey come out tonight
Hey, hey come out tonight
Popsene!

Hey, hey come out tonight
Hey, hey come out tonight
Popsene, all right
Hey, hey come out tonight
Hey, hey come out tonight
Popsene!
