This is the next century  
Where the universal's free  
You can find it anywhere  
Yes, the future's been sold

Every night we're gone  
And to karaoke songs  
How we like to sing along  
'Though the words are wrong

It really really really could happen  
Yes it really really really could happen  
When the days they seem to fall through you  
Well just let them go

No one here is alone  
Satellite's in every home  
Yes the universal's here  
Here for everyone

Every paper that you read  
Says tomorrow's your lucky day  
Well here's your lucky day

It really really really could happen  
Yes it really really really could happen  
When the days they seem to fall through you  
Well just let them go

Well it really really really could happen  
Yes it really really really could happen  
When the days they seem to fall through you  
Well just let them go

Just let them go  
Just let them go
