We had to go through a mysterious land among  
The twilight's creatures  
It was the land of witches, guardians of the  
Dark lake enlightened by the moon

Trees there were the tallest of Frostthrone  
In their trunks we could see the figures of the  
Dead bodies

Pure beauty of witches...so dangerous  
Embraced the paleness of their skin  
Pure beauty of their bloody eyes...so dangerous

They suck the energy of every man  
Who fell in their trap  
"Desire"  
Vampiric creatures on a throne of bones,  
We saw your true face in the flame of witchcraft  
"Hate in their bloody eyes"

The trees became alive around us  
We swung our swords in the wind  
And we rushed in the fight to sow death with fury  
Pure beauty of witches...their head rolled on the ground  
Pure beauty of witches...their blood was sticky and as  
Dark as the night

Beheaded but still alive they laughed  
They danced with madness under the moon  
Tortured and dark soul in sorrow  
Immortal wives

In a bath of malediction  
We sent their dismembered bodies to the grim lake  
Elements of creation, we call to thee

Fathers of winds, storms cold and frost  
They create a blizzard on the land  
Pagan Gods destroyed the order of guardians  
They froze the lake's dark water

Pure beauty of witches emprisoned in a coffin of ice  
Pure beauty of their bloody eyes immobilized  
In the mirror of eternity
