i've been drinking with amanda lear
i've been playing with duran duran
i've been funking with madonna
i've been smoking with my mother

i've been painting with brian eno
i've been talking with francois truffaut
i've been dancing with the thin withe duke
i've been running with myself, alone

finchÃ" saprai spiegarti ti seguiranno
finchÃ" saprai spiegartiti riterranno sano

i've been looking at the mirror, sometimes
i've been watching someone else instead
i've been taking pictures with dalÃ-
i've been acting with fellini

i've been ruling with george orwell
i've been writing with david lynch
i've been reading on a cloudy beach
i've been kissing chopin

finchÃ" saprai spiegarti ti seguiranno
finchÃ" saprai spiegartiti riterranno sano

mi esprimo con l'estremitÃ del mio pensiero
mi considerano sano solo quando so spiegarmi
ognuno si esprime come meglio puÃ²
ognuno si racconta come meglio crede

per sopravvivere ti seguiranno
si prostituiranno, ti ameranno

finchÃ" saprai spiegarti, finchÃ" saprai spiegarti...
