See ya gotta know what i wanna do
When i'm with you
Can't you see that i wannabe
Next to u
And i don't get what's so great about
Wasting time just making out
Puttin ur hands up on my chest
Uhn uh i don't like that
Cant u see, y u gotta be that way
Sometimes i completely adore u
Other days, just wish i could ignore u
I wanna chill out
Wannabe
Laid back
Like before
Lie down
Sit aound
Laugh out
Hear me shout
Don't care
What'd u say?
Don't listen anyway
So tell me
Baby
Why can't
U see
That what u wanna do
What u wanna do
Makes u bittersweet
