Let me be your special someone
I'll do anything that you want
I'll tell you everything that
You always wanted to hear

Smile and give me something to hope for
Maybe something I can depend on

[CHORUS]

Please, love me just a little bit longer
Love me just a little bit longer
Love me just a little bit longer
I love you, I really do

Girl, you've got me tossing and turning
Driving me right out of my mind
You got the things that send
My whole world up in flames

Girl, you got my heart set for loving
Now that we're alone with each other

[Repeat CHORUS]

You told me I was sweet and kind
And you always had a good time
When I held you in my arms
You were gold

Let me be your special someone
I'll do anything that you want
I'll tell you everything that
You always wanted to hear

Whoa, oh, oh, oh
Smile and give me something to hope for
Maybe something I can depend on

[Repeat CHORUS 2x to fade]
