Tell me what you're dreaming bout tonight  
I never want to let you go  
The lips that kissed my lashes and your sleepy smile  
Sinking into the darkest night  
A breezeless flow in the afterglow  
You and me together we could go that extra mile

Sweet nothings and time  
Only you and the rhyme  
Dizzy vertigo  
Round and round as we go

Amazing Kiss  
Shining stars and I'll miss  
The flame that used to be ours, ours alone  
Cuz we made it happen...our miracle  
True and blue to our oracle  
Precious in my love...tu ru tu tu yeah  
I remember...

Amazing Kiss  
This is only shooting star  
The love that used to be ours,  
I'm in love wow woh  
Joy, Affection... our universe  
Supernatural whirls  
Precious in my love... tu ru tu tu yeah

Looking for words our brainwaves  
Found a way to communicate  
Secret sounds that you and I monopolize  
The moon reflected on the waves  
Moving in time reverberates  
Drifting ashore to you deep into your eyes

As I lay awake  
Another night of heartbreak  
Longing for you  
Hits me out of the blue

Amazing Kiss

Sprinkled pieces of bliss  
Promises that we'll be forevermore  
In the Milky Way I guess it's no more  
Don't you remember our vow, oh  
Precious in my love... tu ru tu tu yeah  
I remember...

Amazing Kiss  
This is only shooting star  
The love that used to be ours,  
I'm in love wow woh  
Joy, Affection... our universe  
Supernatural whirls  
Precious in my love... tu ru tu tu yeah

Tough enough to weather the hands of time  
Cuz our dream beams gonna shine on  
You and I will come this way again  
True blue to our destiny  
Leaning up against this wall of ice  
Never gonna let love fade away  
I don't want you to go  
So forevermore  
Just the way you are...

Precious in my love  
Woh yeah yeah...yah~  
Just the way you are...  
Precious in my love  
Woh yeah yeah...yah~  
Just the way you are...

Amazing Kiss  
Shining stars and I'll miss  
The flame that used to be ours, ours alone  
Cuz we made it happen...our miracle  
True and blue to our oracle  
Precious in my love...tu ru tu tu yeah  
I remember...

Amazing Kiss  
This is only shooting star  
The love that used to be ours,  
I'm in love wow woh  
Joy, Affection... our universe  
Supernatural whirls  
Precious in my love... tu ru tu tu yeah

Amazing Kiss Sprinkled pieces of bliss  
Promises that we'll be forevermore  
In the Milky Way I guess it's no more

Don't you remember our vow, oh  
Precious in my love... tu ru tu yeah  
I remember...
