Shake your heart

Right now, hesitating, getting lost
Even you weren't, wouldn't it be alright?
But just once, just the two of us
With all your might, be the one

Are you nervous? I'm excited
This isn't the time to be lost
The clock won't stop
It can't end like this

Are you frantic shy boy?
Will it be good night like this?
Will you go home with only my number?
Hey! Is that really alright?

Isn't it okay to be impulsive? Please
I don't care if it's impulsive
Shake your heart, shake your heart
Wake up and move
Right now, don't heave a sigh
Aren't your emotion burning? Freeze
You don't understand the situation!
Take a chance, take a chance
I have to set you free if
You want you will be the one

You want you will be the one
Why am I sensing you?
I don't need a reason
I don't care if it's selfish
My aim is to be the one

I won't choose the means
Since someone has their eye on me
Taking each other's hands, being chosen
Will it be taken away?

There's only the present, say yes
I can only bet that tonight

Our two hearts can't be stopped
Nothing gonna stop me, nothing gonna stop you

Can't you prove it? Please
Don't you get it?
Shake your heart, shake your heart
Start running, Hay!
In your heart, don't tell a lie
I'm not trying for abstract
The future is becoming vague
Take a chance, take a chance
It's taking shape, so
I trust you will be the one

Woo, shake your heart babe
I know you wanna be
Woo woo, here we go now
You know I wanna be
Woo woo, here we go now
Nothing gonna stop us

Isn't it okay to be impulsive? Please
I don't care if it's impulsive
Shake your heart, shake your heart
Wake up and move
Right now, don't heave a sigh
Aren't your emotion burning? Freeze
You don't understand the situation!
Take a chance, take a chance
I have to set you free if
You want you will be the one

Can't you prove it? Please
Don't you get it?
Shake your heart, shake your heart
Start running, Hay!
In your heart, don't tell a lie
I'm not trying for abstract
The future is becoming vague
Take a chance, take a chance
It's taking shape, so
I trust you will be the one

Woo woo, here we go now
You know I wanna be
Woo woo, here we go now
I know you wanna be
