Do the motion...

Saying "we love each other" is good, the sound of it
makes me numb
The next beat of my feelings of wanting to see you,
what feelings are you waiting for?

Wait just a second, oh baby, it's a courtship deep with
meaning
Look at me, my heart is filled with love, it's surely a
lovely and natural thing

The pure heart of a lost girl, the sound of the waves
beckons you
I'm aware that love has already begun, the curtain is up
now

Saying "we love each other" is good, the sound of it
makes me numb
The next beat of my feelings of wanting to see you,
what feelings are you waiting for?

Hey boy
Since I feel for you
I can't get enough of love
I just say that..
... Oh "How I feel?"

The rose colored future; if your dream & love comes
true, it's the best
All I do is love songs, and dance the dance; I'll sing
them for 1000 years

The clouds are rainbow colored venuses, I whisper "are
you for real?"
Sorry, I'm crying; the twilight is dramatic

When you try to cry, isn't it wonderful? If I can have
dreams with you
Saying "it's painful", that will be a future conversation

A long long time ago... even now, what I'm wishing for
is a beautiful soul

The pure heart of a lost girl, the sound of the waves
beckons you
I'm aware that love has already begun, the curtain is up
now
Saying "we love each other" is good, the sound of it
makes me numb
The next beat of my feelings of wanting to see you,
what feelings are you waiting for?

When you try to cry, isn't it wonderful? If I can have
dreams with you
Saying "it's painful", that will be a future conversation
