Woe Baby what are you looking at?  
Past the intersecting winds  
What kind of future do you paint, narrowing your eyes?  
Oh Baby on lonely nights, I called so many times  
But real loneliness doesn't go away

(never say ever say never ever say)  
We realize every time the time passes us by  
(every night every night never ever say)  
That the heart goes on forever

Listen to my heart  
Looking for your dream  
The place that you're looking for  
Is it free? Is it lonely?  
Am I close to you?  
Listen to my heart  
Looking for your dream  
In the midst of the wind that won't stop blowing  
We believe in the shining place we will reach

Woe Baby I still think that  
No matter what I don't want to regret  
Those feelings I'll tell only you  
Oh baby a word like "love"  
Is too heavy for me to say  
But I want to look at you and have you looking at me

(never say ever say never ever say)  
Even if a different tomorrow comes  
(every night every night never ever say)  
I won't forget your eyes

Listen to my heart  
Looking for your dream  
How much more do I need to walk  
Until I am filled? Until I meet you?  
Until I can become kinder?  
Listen to my heart  
Looking for your dream  
There is a place

Somewhere in this town where a warm wind blows

(never say ever say never ever say)  
We realize every time the time passes us by  
(every night every night never ever say)  
That the heart goes on forever

Listen to my heart  
Looking for your dream  
The place that you're looking for  
Is it free? Is it lonely?  
Am I close to you?  
Listen to my heart  
Looking for your dream  
In the midst of the wind that won't stop blowing  
We believe in the shining place we will reach

Listen to my heart  
Looking for your dream...
