(Rap)

I felt down and out, but I never wanna leave this way
Sometimes you let me out, but never out your door
You got it for you, you got it for me
Feelin' this way, you should know that you hurt me so
bad
Baby how could you say a word, you thought you never
could
When you promised me that your love was so true
Took my money, took my time, took my pride
How can you live a lie, you better ask somebody

Gin shi gahn uht kkahl lyuht dduhn oo ri ae yahk sohk
In jung hahl soo gah up ssuh ssuh geu ruhl soo
Mahn eet ddah myun

Ee ruh kae chah meu ryuh hae doh moh deun
Guhl ji oo ryuh hae doh
Hahn chahm nuh ae seng gahk euh roh muhm
Chool soo up neun guhl
Ji wuh doh ji ool soo up neun

Ee ruh kae mah reu ji ahn neun
Noon mool gwah ah peum eul ee jaen
Chahm kki heem deul uh

Keep away from me
Keep away from me
You got it for you, you got it for me
Feelin' this way, you should know that you hurt me so
bad
Keep away from me
Keep away from me
Took my money, took my time, took my pride
How can you live a lie, you better ask somebody

Gin shi gahn uht kkahl lyuht dduhn oo ri ae yahk sohk
In jung hahl soo gah up ssuh ssuh geu ruhl soo
Mahn eet ddah myun

Guhl ji oo ryuh hae doh
Hahn chahm nuh ae seng gahk euh roh muhm
