How can I feel  
More closely to you?  
There are too many obstacles  
My fingers that I secretly reached out to you  
The blue of the sea that we looked at on a summer day  
My birthday that we celebrated  
Little by little the things increase  
I don't know if it will be just the two of us

Won't you make a secret? The meaning that  
Overflows from your eyes, whispering love  
Won't you make a secret?  
I don't want anyone else to notice  
Take me, take me away

How can I be more strong  
Without being confused?  
I'm not doing anything bad  
But I should really have some confidence  
A busy person in the city in the sunset glow  
Yesterday dissolves into the wind  
I gave you a kiss while you were napping  
I wonder if it woke you up

Won't you make a secret? If I can  
I'd like to grasp ahold of this forever  
Won't you make a secret?  
It fills my heart, makes it pound, bewilders me  
Let me, let me

Won't you make a secret? My feelings  
I'm never going to let the strength that I  
Use to hold your hand in return lessen  
Hold me, hold me tight

Won't you make a secret? The meaning that  
Overflows from your eyes, whispering love  
Won't you make a secret?  
I don't want anyone else to notice  
Take me, take me

Won't you make a secret? My feelings  
I'm never going to let the strength that I  
Use to hold your hand in return lessen  
Hold me, hold me tight
