Well I've been going down this wrong road baby.
I said-a I been going down it, well a long, long time.
Well I've been going down this wrong road baby.
Well Every since, I never heard from that girl of mine.

So I'm gonna go, I can't stop, I gotta move on.
I gotta get some, OOoooh

Well I once had a girl, but she done left me.
So I'ma going down this wrong road, all alone.
Well, I don't care, she can go and leave me.
Down this wrong road's another woman, all my own.

So I'm gonna go, I can't stop, I gotta move on.
I gotta get some, OOooo

Well I've been going down this wrong road baby.
I said-a I, said I been going down it, a long, long time.
Well I been going down this wrong road baby.
well every since I never-er heard from that girl of mine.

yea so I'm gonna go, I can't stop, I gotta move on.
I gotta get some, OOoooh

Yea the wrong road, yea the wrong wroad.
I been going down the wrong road baby.

I gotta get some, I gotta get some,
