I thought that we can be living, loving more than lovers
I thought that we could have sharing all the brothers-sisters
I've always felling that our love will last forever
Mistakes on my way have been and now you say is over

How couldn't you see
I want you,
I controlled you
Now I left you

You broke my heart
What do you want me to do?
To change my mind?
Why should I do that for you?

Why don't you give me one more chance that I fix the sorrow
The tough guys say it could be better if you fight together
And all your friends have told you that I made you lose your honor
Sometimes maybe you should not be listening to the others

How couldn't you see
I want you,
I controlled you
Now I left you

You broke my heart
What do you want me to do?
To change my mind?
Why should I do that for you?

First day, I must forget for your lost
And what you say? I think I make the good one
Promises, that is what you're good at
You capped to say : " I don't want good lies"

I thought that we can loving more that lovers
I thought that we can be sharing all the brothers
Why don't you give me one more chance to fix the sorrow
Baby, don't leave me, don't make me sadder

You broke my heart
What do you want me to do?
To change my mind?
Why should I do that for you?

You broke my heart

What do you want me to do?
To change my mÃnd?
Why should I do that for you?
