"Nobody Knows"

Visit "[Nobody Knows](#)" on MotoLyrics.com

Everybody's looking for the answers
I'm just looking for a heart to call my own
Been here before, Ain't nothing new to me
It's the same of reaction, Lets just out the blame on me

It's amazing how love sets you free
A spell to powerful for a simple boy like me
Gave it up when I had ya
If k knew now-what I know, No better man you'll find
Just give it some time

You, You...
Without you I'm gone
You, You...
Left without a reason I fall

Nobody knows, what the paid piper knows
What's it gonna take for you to see
God I need to know
Before time stops and my heart drops
Is there something you could do to
Help me see it through

You, You...
Without you I'm gone
You, You...
Left without a reason I fall
