I have words to say to you my friend
Is it hard to know what's right from wrong
Have you ever felt your life so self assured
You don't know the things that you've done wrong

And then we'll say
We'll rip out our covers
Shake the walls until they break
I'll hold out my hand to you
Supreme love and respect
Peace man

At first it seems so daunting
How to start or how to grow
But make believe becomes a living
Coz in life, in life you will know

Peace man I have words to say to you my friend

Is it hard to know what's right from wrong
Have you ever felt your life so self assured
You don't know the things that you've done wrong

And then we'll say
We'll rip out our covers
Shake the walls until they break
I'll hold out my hand to you
Supreme love and respect
Peace man

At first it seems so daunting
How to start or how to grow
But make believe becomes a living
Coz in life, in life you will know

Peace man
