Aye, aye, aye, aye, aye, aye, aye
Because the beats hot
Aye, aye, aye, aye, aye, aye, aye
Because the beats hot

{Verse 1}

You know this beats hot, we got the streets locked
I keep it coming back for more like a crease spot

Aye, aye, aye what's the scenario, I got the fedio
The type of music you can bump it in your stereo

So put it in your system, and let that bass hum
And let it beat your eardrums 'til your face numb

Aye, aye, aye we just to crease boy, why don't you
leave boy

The Board Bangers from the J to ENT boy

From side the Long Beach boy, get out your seats boy
And make way for them skaters from the street boy

Ki-ki-ki-kick flips boy, big chips boy
Overseas here we come big trips boy

Wha-wha-what you know about this then, flying on the
weekend

Bank accounts all around the world we eatin'

Pesos, francs, Euros stop
No hook on the track (why?) because the beats hot

Aye, aye, aye, aye, aye, aye, aye
Because the beats hot

{Verse 2}

I-I-I-I bes a skater girl, in a skater world
Got yellow purple stones I'ma Laker girl

You see the cherry whip, that bloody mary kit
Zoom zoom boom boom I'm 'bout to marry this

I'm in that beat though, like Daddy Leatho
You can catch my tow truckin' like a repo

This is our block, my wood
Long Beach boys and girls this is our hood (Westside)

'Cause I'm the Queen shhh, gotta make you lean shhh
Board bangin' on my line like I'm illiterate

Show stoppin' at the light, my rims stop
No hook on the track (why?) because the beats hot

Aye, aye, aye, aye, aye, aye
Because the beats hot

{Verse 3}
We make your body rock, now do that ollie pop
I got you tastin' different flavors like a lollipop

Hey-ey-ey-ey just dance to this, don't wave your hands
to this
And get it poppin' in the club when they bangin' this

See-see-ee-ee I'm Skateboard, just call me Lake Shore
Sticks and stone break bones but I break boards

Yeah we steppin' in the light, haters flock
No hook on the track
(Why?) Because the beats hot
