Yea

That's how we doin' it for the 2012 niggas

Twitter memphis is real shit

Put your paper on

Hands up yea yea

Futuristic cars, futuristic clothes, futuristic girls

Get the dippin' go crazy, I'm always meetin' those
ballistic girls

Damn fly nigga, they always told me I would kiss the
girls

And make 'em cry, say good night to the bad guy

I'm out of this world (I'm out of this world)

They be thinkin' I'm crazy

They be thinkin' I'm out of my mind

Yea I be smokin' that loud pack

It cost 500, that's ounce of the time

Gon p85, in the trunk less the hennessey with no ice

Nah I don't really mess with stocks

Still invest in blocks, pop and hit me with a low price

Niggas still up and down with the coke price

Got the pipeline all the way to h town

All I gotta do is get 'em back north

I send my bitch round trip on the grayhound

See I just got gotta get played

This the game that a lot of us played

No way in, no way out

Boss niggas always gotta get made

I know the round of these streets for

Getting after that money man

All the niggas out blowin' whips

Getting after that money man

They grindin' like you paid the bad bricks

Getting after that money man

A real prolapse with a prill face

Getting after that money man

You see me dress in designer clothes

Getting after that money man

All I fuck with the finest hoes

Getting after that money man

Flipping grain in the newest cars

Getting after that money man
This the life, the ghetto superstars
Getting after that money man

Yea, livin' life so close to the edge
No shillin' but you best not push me
Go back to the hood with me
My niggas off the chain, a blind man could see
You got killers on your left, drug dealers on your right
Still on the block in the middle of the night
Niggas on the stake shit, tryna get right
You could lose your lives for a little bit of white
Champagne cases, president faces
Take a vacation, every nights places
Swim to antarctic through the oasis
We 'round the world, you better tie your laces
Yea it's all kind of cash round here
Flip a bird real fast round here
And they real quick to eat your food
Slip up, that's your ass round here
Yea allow me to testify
Niggas know young bo x fly
Better hit a pox of fly shit
I'mma straight to 4-5 like pesticide
I don't know who these niggas runnin' their lips
More like batman runnin' the strip
Yea a whole lobster, bucket of shrimp
Ugk like runnin' the pimp

I know the round of these streets for
Getting after that money man
All the niggas out blowin' whips
Getting after that money man
They grindin' like you paid the bad bricks
Getting after that money man
A real prolapse with a prill face
Getting after that money man
You see me dress in designer clothes
Getting after that money man
All I fuck with the finest hoes
Getting after that money man
Flipping grain in the newest cars
Getting after that money man
This the life, the ghetto superstars
Getting after that money man

Born in the 80's
7 cars come 80
7 means I'm ridin' in a classic
Members sladging, used to have the mack
Eleven down, I let them niggas have it

Nowadays I'm into getting paid
My nigga, getting money's not a habit
And the only question they askin'
If I'm playin' with paper or plastic
9-11, lil drastic
Og kush on my fabric
Wilkut like you do magic
Lots of bread in my cabinet
Been rollin' up since I was younger
Stack up when we're spendin' in the summer
Shittin' on you niggas, need a plumber
Clean about the niggas when I'm done here
Niggas start this shit and go runnin'
Rolled some weed to come out of the oven
Go into the club, I'm bein' wonkla
Rolled some weed to come out in another
Just me and bo, trees grow
Blowin' some of that mary jane
Sippin' some of that bombay
All my niggas rep taylor gang

I know the round of these streets for
Getting after that money man
All the niggas out blowin' whips
Getting after that money man
They grindin' like you paid the bad bricks
Getting after that money man
A real prolapse with a prill face
Getting after that money man
You see me dress in designer clothes
Getting after that money man
All I fuck with the finest hoes
Getting after that money man
Flipping grain in the newest cars
Getting after that money man
This the life, the ghetto superstars
Getting after that money man
