B.o.b
"Attraction"

Cant say her name but we were two
i grabbed her waist and we would move
and then one day we were thru
and by the way i must be true

cuz all i ever wanted was to act on my attraction
i never meant to hurt you that's just my natural reaction
life's just like a roller coaster, just like a roller (roller)
life's just like a roller coaster, just like a roller (roller)

okay okay okay okay i kno i kno
you aint seen me ina while and you tryin to figure out
just where the hell did i go
well i liked you i aint just want sex
well i aint even goin flex
first time you walked by everybody scream hair squad
on deck
but you still was cool ima get real with you
between b.o.b. and bobby ray
which one appeal to you
but i aint too mad cuz at the end of the night
you still …………?
but this the least i can do
so this right here's for you

cuz all i ever wanted was to act on my attraction
i never meant to hurt you that's just my natural reaction

life's just like a roller coaster, just like a roller (roller)
life's just like a roller coaster, just like a roller (roller)

c'mon dont act like that
cussin me out like ima call you back
you the one at the bar in the back
tryin to figure out where all the ballers at
and all that ass got you caught us fast
and you came back with us and we all got smashed
funny how an autograph turned into all of that
just call me the bedroom bandit
cuz after one night stands i vanish
and no i cant understand it
i dont think one man on this planet does

im just sayin that even though we lookin for panties
we still want a girl at home who can fix up a good ol'
sandwhich

cuz all i ever wanted was to act on my attraction
i never meant to hurt you that's just my natural reaction
life's just like a roller coaster, just like a roller (roller)
life's just like a roller coaster, just like a roller (roller)
