[B.o.B - Verse 1]

Soon as I enter
you know who it is-a
it's the representer from the East side of Atlanta
that's known as Decatur
I got my own lane but I can't see the road
my rear view mirror's full of haters
wouldn't wanna be ya
its me they cannot battle
yes I'm a mothership and you a boat without no paddle
yes I am what they after
I'm a natural born disaster
I'm the reason your momma tell you not hang with
rappers
but your momma is a minister and Im her favorite
rapper
probably cause she found out that my daddy was a
pastor
I wonder what she's after
but don't get it confused
theres no surprise, it's just another day in my shoes

[Chorus]

Every other city we go
every other city we go
it's just a different day with the same sh-t
it's just a different day with the same sh-t
Every other city we go
every other city we go
things just aint what I used to know
things just aint what I used to know

[B.o.B - Verse 2]

Yeah, well these n-ggas salty
high blood pressure
if you got that sodium, n-gga I got that pepper
don't step up, please fall back
y'all can't ball, all y'all are wack
haters need hugs, you thugs need love
and groupies fall in holes that gold diggers dug
these n-ggas cynical cause I'm on there medicinal
why they so sensitive, I guess they on their menstruals

I don't need no, come consider the general
regardless of my genre yes, I'm flawless in general
when I'm in the club
girls be jigging on they tippy toes
so she take me in like her vitamins and minerals
you aint on my signal, you analogue or digital
grand hustle champion, someone turn my anthem on
when my jam come on, God damn I blow straight up
I am a bomb
leaping over barriers like this was a triathalon

[Chorus]

[Verse 3]

Now I'm the everyday topic
im under the microscope so I'm feeling microscopic
my sh-t was fading to black
n-ggas thought I was gothic but made it to the next
step
like recovering alcoholics
I bounce back like a snoop deville of hydraulics
aint nothing but a g-thang
n-gga I'm the king of pain
veins filled with novacane
so I aint even feeling y'all
I aint even hearing y'all
fingernails on a blackboard
they say the pen is way mightier than the sword
so I'mma spaz out to get inside the mental ward
get me grammy awards
til your faith is restored by the lord of this rap sh-t
n-ggas got it backwards, lets line up all the factors
grew up in the hood but was raised in the burbs
where pops was'nt there so the military made me a
man
and they told me, put my dreams in the can
but I still made it here, damn

[Chorus]
