Come home
Come home

I don't wanna waste your time
I just wanna change your life
And if anything goes down, anything goes wrong
I'mma make things right
I'mma make it rock

I'll be there, tell me won't you be there?
Baby, won't you be there?
I'll be there, tell me won't you be there?
Baby, won't you be there?

Shittin' on these niggas
Balling on these hoes
Two bad bitches
They in my bathrobes
Everything gold nigga
Everything cold, yea everything froze
Money entertain hoes
Nigga anything goes, yea I already know

And you know we some go getters
But you know we some cold niggas
Mic blown like so nitro
Way you going back and forth, what's you doin'?

I don't wanna waste your time
I just wanna change your life
And if anything goes down, anything goes wrong
I'mma make things right
I'mma make it rock

I'll be there, tell me won't you be there?
Baby, won't you be there?
I'll be there, tell me won't you be there?
Baby, won't you be there?

Sittin' on these niggas
Hoppin out of doors
Full cup of liquor

Fired up, fat dro
I do it like so
I be whippin' so hard, got a call gotta go
I'm already in my zone
And I'm already gone
I'm already blown

And you know we some go getters
But you know we some cold niggas
Mic blown like so nitro
Way you going back and forth, what's you doin'?

I don't wanna waste your time
I just wanna change your life
And if anything goes down, anything goes wrong
I'mma make things right
I'mma make it rock

I'll be there, tell me won't you be there?
Baby, won't you be there?
I'll be there, tell me won't you be there?
Baby, won't you be there?

I hear your heartbeat pound
I like to cherish the sound
I hear your heartbeat pound
I like to cherish the sound
I hear your heartbeat pound
I like to cherish the sound
I hear your heartbeat pounding
I like to cherish the sound

I don't wanna waste your time
I just wanna change your life
And if anything goes down, anything goes wrong
I'mma make things right
I'mma make it rock

I'll be there, tell me won't you be there?
Baby, won't you be there?
I'll be there, tell me won't you be there?
Baby, won't you be there?

I'll be there, tell me won't you be there?
Baby, won't you be there?
I'll be there, tell me won't you be there?
Baby, won't you be there?

I'll be there, tell me won't you be there?
Baby, won't you be there?
I'll be there, tell me won't you be there?

Baby, won't you be there?
