No boyfriend, got cold feet
Low key, she's so sweet
Just lonely but so freaky
Acting wild like ho please
Fly around, I go deep

She don't creep, I fuck hoes
She cool with that, she love those
It's funk so her gusto

Watch all of your clothes, I wanna know
Her ass shoes, her back screwed up
With a bunch of bad tattoos
Need to make an exception but she usually fuck black
