### **"Camera"**

Okay this is very simple...  
I come in you take your clothes off and I take pictures  
Hmkm?  
She gets up and takes a shower  
Now she is in the mirror for hours  
By the way she is a model of course  
Hair all made up and makeup powered up  
Walkin on a runway  
But she don't know where she goin  
Shes just hopin'  
That she keeps rollin'  
Childhood broken  
10 years later now shes a hoe and  
Everybody wonder why does she act so cold  
Cause that attitude ain't natural  
Leave that drama  
On that there door  
Because I'm really not into that there for  
Watch her take off her bra  
Closing like a stall  
Smiling for the camera (camera)  
Ahhh shes a movie star  
With that runway walk  
Just smilin for that camera (camera)  
(Get work get work get)  
She from my town far away  
Then she moves to the A  
To go to Georgia State  
Then she got turned out  
Then she dropped out  
Now she is a actress to balls  
To sang but ain't that pretty  
She just trying to mimic the life in the city  
Trying to keep up with that lime like livin  
Just wishin for one audition and video position  
But that ain't how she used to be and 2 or 3  
But no she is a hoochie freak so  
Now they wonder if you will see  
A little ole cutie with a booty booty  
Darling, why the long face? why the long face?

Everybody loves you girl. Everyone loves you.  
You know your gunna be legendary one day.  
Watch her take off her bra  
Closing like a stall  
Smiling for the camera (camera)  
Ahhh shes a movie star  
With that runway walk  
Just smilin for that camera (camera)  
(Get work get work get)  
She dropped out of school at 16 anti-abortion  
And dad is mixin  
Then she got her a job at wendys  
2 years later shes in there strippin  
Twurkin that Money  
Just to make her some daycare money  
And to pay for the rent bill monthly  
Her son is sayin that ain't my mommy  
But but 15 years down the line  
She ain't the same as shes past her prime  
Now it's all goin down the drain  
Say goodbye to all the fame  
On behalf of WorldWide Inc.  
I'm sorry to inform you that we will no longer  
Be needing your modeling services darling  
That's the way the cookie crumbles  
Stiff up the upper lip? hmm?  
Watch her take off her bra  
Closing like a stall  
Smiling for the camera (camera)  
Ahhh shes a movie star  
With that runway walk  
Just smilin for that camera (camera)  
Watch her take off her bra  
Closing like a stall  
Smiling for the camera (camera)  
Ahhh shes a movie star  
With that runway walk  
Just smilin for that camera (camera)
