But she the type of girl drive the whole hood crazy  
Little Red Riding Hood riding M80's  
The type of girl that'll probably be famous  
Hollywood superstar, magazine pages  
Apparently she had a thing for a nigga  
Unfortunately the nigga wasn't me  
Nowadays she's the life of the party  
Glamorous and glossy, taking photos in the VIP  
Now I'm like damn, wow  
Look at you now  
You got the whole world chasing you down  
Miss Mary Mack Mack Mack  
Y'all dressed in black black black  
With a rude attitude tude tude  
And tattoos down your back back back  
But still you run circles through my head (circles  
through my head)  
Circles through my head (circles through my head)  
There she goes again (There she goes again)  
And there she goes again (These she goes again)  
I just wanna get to know ya  
But you turn the other shoulder  
And there she goes again (There she goes again)  
Running circles through my head (circles through my  
head)  
Burning circles through my membrane  
Top the beat, shift gears, switch lanes on it  
I haven't seen ya in a minute but the hands of time  
show me it's some good thangs for ya  
Like a A-list celebrity, ain't gotta see ID  
Cause nowadays she's the life of the party  
Glamorous and glossy, taking photos in the VIP  
Now I'm like damn, wow  
Look at you now  
You got the whole world chasing you down  
Miss Mary Mack Mack Mack  
Y'all dressed in black black black  
With a rude attitude tude tude  
And tattoos down your back back back  
But still you run circles through my head (circles  
through my head)  
Circles through my head (circles through my head)

There she goes again (There she goes again)  
And there she goes again (These she goes again)  
I just wanna get to know ya  
But you turn the other shoulder  
And there she goes again (These she goes again)  
Running circles through my head (circles through my  
head)  
But still you run circles through my head (circles  
through my head)  
Circles through my head (circles through my head)  
There she goes again (There she goes again)  
And there she goes again (These she goes again)  
I just wanna get to know ya  
But you turn the other shoulder  
And there she goes again (These she goes again)  
Running circles through my head (circles through my  
head)
