If you ain't, you need to go fuck with it
It's on itunes, it's on netflix
It's that wal-mart, it's a bootleg
It's all over the world, you know what I mean?
It's some real shit man that need to be seen, know
what I'm talkin bout?
They tried to hide this shit but we gon show 'em
This how the shit real go in the street
You can talk about it but we live about it for real for real
Fuck with my nigga b.o.b man, 100% man
D4I came to the hood, you know what I mean? shot a
video for real for real
This how we do it man

If you ain't down with this shit, get ran over by this shit
You know what I mean? fuck you, whoever you is
