Dynamite, dynamite
I don't give a fuck, I don't really care
Dynamite, dynamite
Standing over here, buttons over there
My life's what you don't live
A f*ck's what I don't give
Suicide doors up
Call that shit road kill
Basic, gon' recognize money
Real gon' recognize real
Thirsty hoes still need water
Like a fish that ain't got no gills
Yall nigga's got no skills
Imma a beast I'm so skill
My squad we so forreal
You a lite weight, you so frail
Than my toenail, I am a pro
So therefore I prevail
Look at me low
Rollin' with all this Louis
Mister Vuitton might sue me
Muthafuckin' hoe you don't know me
Do your research, don't do me
Everybody know what I'm on, cause everybody know
what I'm usually smoking
I'm with it

I don't give a fuck, I don't really care
There's a party over here, fuck who's over there
I said I don't give a fuck,
I don't really care
There's a party over here, fuck who's over there

Dynamite, dynamite

Back-up in this bitch's black Benjamin Franklin
Yeah they hatin', I don't give a f*ck, quite frankly
Yeah I'm super sick, please send me a tissue, thank
you
I don't need a script, I just spit this here from thinkin'
I'm a polar bear, go to hell, hold it there,
Everybody know that a ghost leader most ... I know
the fill
Yeah right bitch, don't go there
The way she move, it feels like jello there
Motherf*cker, I'm blow up air like that
Been around the globe, you go no where
Landed in yo' city and you ain't even got no airport
there
I got knots like ghetto hair
The way she moves, that's like jello there
Muthafucka' imma blow a airwell like

Dynamite, dynamite
I don't give a fuck, I don't really care
There's a party over here, fuck who's over there
I don't give a fuck, I don't really care
There's a party over here, fuck who's over there
There's a party over here, fuck who's over there

Went to the club on a Wednesday night,
Ran into to a freak that my girlfriend liked
She like that dick, 'cause she like that pipe
Sex was so fire, could've been dynamite

I don't give a fuck, I don't really care
There's a party over here, fuck who's over there
I don't give a fuck, I don't really care
There's a party over here, fuck who's over there

Dynamite, dynamite

Dynamite, dynamite
