Pyro maniacs lying in wait
Fulfilling unexploited fields
With red colored hate
As we come closer
To the edge of the night
We shed our tears
Like the angels in flight
Wail of sirens
I'm drowning in sound

Fiery rotten-Fire holds me down
Fiery rotten-No way of the ground
Fiery rotten

Peagent of fire is breaking free
Meltdown of hearts
Pumps in front of me
Blood-stained tombstones
Will spread to the land
They claim to be god
Good and bad in the hand
Retrace their revolution
And kiss your heart goodbye

Fiery rotten-Fire holds you down
Fiery rotten-No way of the ground
Fiery rotten
