Take a look at the world through Mr White Bob's eyes,  
You need to recognise, you better recognise!  
That I'm a gangster... to the highest degree,  
And I challenge any motherfucker who should disagree

You better show me some respect and that I'm serious  
about,  
Even if you bigger than me, I'll straight up knock you  
out  
Cause I take no bullshit from any son of a bitch,  
Been droppin hit records since Grandma Don't Be A  
Snitch

And I'm takin over the rap game, you best believe it's  
true,  
To all my fuckin' critics, I take a shit on you  
Cause that's what I do cause, I prove all the doubters  
wrong,  
I may be a skinny honkie, but that don't mean I'm not  
strong!

[Chorus:]

And I'm a gangster! Yes I'm a gangster! Motherfuckers  
everywhere,  
I'm a gangster! Said I'm a gangster! Yes I'm a  
gangster! You best  
Believe it motherfuckers I'm a gangster! Yes I'm a  
gangster! Said  
I'm a gangster! Keep runnin' when you see me comin'  
cause I'm a  
Gangster! Yes I'm a gangster, said I'm a gangster! Uh-  
huh uh-huh  
Oh yeah! Come on!

Now there once was a time when I was what you call a  
bit soft,  
Till someone fucked with me and got me right pissed  
off  
Now if you wanna step to me, you'll need a bulletproof  
vest,  
Cause my honkie who lives round the corner keeps a  
machine gun on

His desk

And we will fuck you up, you best believe the words I  
says,  
I'll pop a cap so far up your arse you won't be able to  
shit for days  
See I'm just the type of chap who can handle his  
business,  
And I've recently discovered most psychotic  
tendencies

So find some other geezer that you wanna annoy,  
Cause I wanna kill, kill, kill... yeah I wanna destroy!  
Just think yourself lucky you've the option to choose,  
Cause my lifes already fucked, I've got nothing to lose

[Chorus:]

Cause I'm a gangster! Yes I'm a gangster! You best  
believe it  
Motherfuckers I'm a gangster! Said I'm a gangster, yes  
I'm a  
Gangster, keep runnin' when you see me comin' cause  
I'm a gangster
