And and they left (they be like)  
(B!) how you do that (yo what's up)  
How how how you do that  
Bob Bob how you do that  
And and they left man  
Bob how u do that  
How u do that  
Bob Bob how u do that  
And and they left man (me?)  
Bob how u do that  
How how how u do that

And and they left  
Bob how u do that  
How how how u do that  
Bob Bob how u do that  
And and they left (yah)  
Number 1 on the playlist  
One of Atlanta's bravest  
You're wonderin how I deal with the fame  
I'm feelin the vibe is gravy (ha-ha)  
Shout out to all the ladies  
I don't know how to say this but  
I'm into deep-sea divin  
I'll go deeper than the navy  
Behaving like I'm haven  
I'm crazy crazy crazy  
I rise to the occasion  
Cuz raising's my occupation  
Shouts outs to my Haitians my Asians and my  
Caucasians  
La sina senorita es muy caliente (I miss all my hot girls)  
They say I'm amazin but  
Really it's amazing  
Today's world the craze is  
To make to main page  
Just to be a daily topic of  
A conversation

Cudder's on the beat so I'll assist an operation so  
Call me Dr. Bob  
Yes I'm on the job  
She say I'm like a teacher  
So before she likes my awe  
Stick to the script  
Take a shit  
And your jaws  
Ain't no need to take a number girl  
This ain't no casting call (whee?)  
Bob how u do that  
How how how u do that  
Bob Bob how u do that  
And and they left  
Just Bob how u do that  
How how how u do that  
Bob Bob how u do that  
And and they left  
Bob how u do that  
How how how u do that  
Bob Bob how u do that

And and they left  
Bob how u do that  
How how how u do that  
Bob Bob how u do that  
And and they left  
Yes she give it to me  
Cuz she know just how I want it  
And if this were a battle  
We would be worthy opponents  
I had to get up on it  
Kinda higher due opponent  
It's kinda like a bank  
Cuz she know she wants to loan it  
Shout out to my ranters  
Who kick it in Atlanta  
What up to Magic City  
This song should be your anthem  
So throw it on back cuz I want that butt  
Imma still be still be here when the sun comes up  
When the sun comes up I'll still be here  
Put the ball in the back give me one more puff  
So I guess I might as well turn things up  
Imma burn things up like the perp you puff  
Tryin to get loose  
She poppin that coup  
But when she get loose she gon stir things up  
All the bad girls in the buildin just  
Just shake it one time if you feel it no  
I ain't really trippin if your homegirl's wit ya

Imma bring you home with her and she gon  
Get it and now you're like  
No B.O. I don't really want no mo  
But Imma just go  
Fast like a baseball throw  
Fast like I ain't gon show  
Now I'm in the zone  
Ain't even complain bout the pain no mo  
Imma take it straight to the hole hell yeah  
She know she bad  
She so bad she told me so  
Bob how u do that  
How how how u do that  
Bob Bob how u do that  
And and they left  
Just Bob how u do that  
How how how u do that  
Bob Bob how u do that  
And and they left (me?)  
Bob how u do that  
How how how u do that  
Bob Bob how u do that  
And and they left  
Bob how u do that  
How how how u do that

And and they left
