I am the man, I am the man, am the man  
I am the man, I am the man, I am the man  
Yeah, Up on this roof so let me introduce  
Myself to all the haters that debate on what I do  
Yeah, they in my face but I fade away and shoot  
I beat up the basket that's the way I do  
Yeah, just like a bottle of vodka, I m absolute  
The poof is in the product, I'm hotter, and that's the  
truth  
I squash the competition with the bottom of my shoe  
The competition is none so what am I out to do  
And I was worth it since they birth me  
But now I've murdered these verses, put them in  
hersedes  
Ate all the food on my plate, but I am thirsty  
For more mics, The flashing lights, I learned it  
And what I learned is the game ain't for certain  
So I live my life I ain't worried  
While I fly my high behind curtains,

Chorus:

I am the man, am the man X4

Down side hustlin came off from everything  
Tripping in the apartment with a controled substance  
Living with my momma, 'till I got busted  
Down on my dick, maybe start back hustlin  
Motarcraft Working, signing alemon' money  
Six sale phone, distribute to junkies,  
MacDonald got me trapped to the money  
Turn a war on then i count to the hundreds

â€¦. Down for the zombie  
â€¦ for the junkie  
Billie down man â€¦ ever since I was a youngie  
Blue curly chain like it came from â€¦  
â€¦ calling jury like my name was Willy Wanker,  
â€¦ to the club show tall like the tonker

Chorus:

I am the man, am the man X4

I am the man, making jumbo  
Keep the game hot like a big pile of dumbo,  
You dumb shit, but don't be thinking that I'm dumb,  
bro'  
Watch what you say, I hear it all like I'm Dumbo  
Dumb, you say you wanna rumbo, is your dumb â€¦ ?  
â€¦ â€¦ stumbo  
Take your tough toe down to a (mambo)  
It ain't going down in my house like a trombo,  
But it's definitively an honor to let you â€¦ for the  
money  
Like I'm a runner brother, brother I consider it a  
pleasure  
To bring you down â€¦ measure, just for the (leasure)  
(Leasure)? Oh shit, my bad, the leisure  
For God who I was talking to like I got amnesia?  
Damn, back on the track again, the mac is back again  
Get the word out to them boys and tell'em I'm back in  
here

Chorus:

I am the man, am the man X4
