Nigga, I represent the Buck, The hussle, The Dime bag
sellin, The ATO Convicted Felon
Nigga I represent the streets, The Projects, and the
Niggas who make profit
Where the hell that they keep they glock at, You Trill
man you can't pop that
I represent them young niggaz who go to clubs and
stomp niggas
It's never one on one nigga, They Crowd Shit
I represent for knuckleheads who's peace is on the
streets
I represent the hottest damn man in the streets

I reppin for My Peace, The Streets, this really aint shit to
me
That Doza, That grill, they belchin from that Hennessey
The Fam, Trill, Louisiana PRC
I am, Still, The Motha Fuckin Savage
Bust a damn, yeah, I'm reppin for my Niggas in that
damn Still,
Because I aint forget you, I'm a stand here, and rep my
fuckin hood
Just like a man, yeah, You know I'm straight for sumtin

From Baton Rouge, in my city man
I represent for all Katrina victims man, you feel me man
From the weed spot, to the coke spot, to the old people
on your block.
Put an Eight Ball in your sock, with the 44 you got cock
What a bad villain your hoe got, I am close right now,
I'm so hot
I'm a soulja and I roll lot
Nigga I represent that Cali Coke, the boozers
The desert Eagle shooters

I represent my players that stack like hell and ride
round in V12's
Get that mail, fuck what a nigga tell you, catch that
charge

Hold em down, don't tell, fuck that broad, then turn
around
Fuck a gal, party that shit, fuck it aint nothing, its just
money
Slide that bitch, with all that mutha fuckin stuntin
I rep for my people who got that motha fuckin trunking
And for all my fans who's weed is mothafuckin good

I represent Louisiana, Mississippi, Detroit and Alabama
Georgia and Florida in the Cali, and new York City
This for my Compton Niggaz, my DC Chillaz
I'm tryin to ask Trilla, like pray for heaven nigga,
For that hard hat who wake up every morning tryin to
get it
Who went from Rocket tickets TV, is on you bitches
For my niggaz in the pen, keep ur head up
You feel ur nigga, Boosie know u set up

I reppin for Cali, Man what's happnin
New York, way back to Dallas
All the 50 states that nigga who hate
I'm reppin bitch I'm a star, see baby I be getting cake
My Cars represent me, especially the 108
I rep for the bad bitches, I love how they bootie shake
I'm reppin this go away, cuz Baton Rouge aint safe
I'm reppin for all the gangstas cant see no other way
One more time for trill, cuz I promised them we was
